Turning Discovery Into Health

NIH QuickFinder

The National Institutes of Health (NIH)

- Funds and Conducts Medical Research Throughout the United States and Around the World
- Trains Scientists for Tomorrow
- Provides Health and Science Information to the Public

Institutes

NIDCD National Institute on Deafness and Other
Communication Disorders
To understand human communication processes,
disorders of hearing, balance, smell, taste,
and language
www.nidcd.nih.gov
1-800-241-1044

NIDCR National Institute of Dental and Craniofacial
Research
To improve oral, dental, and craniofacial health
research, research training, and the dissemination
of health information
www.nidcr.nih.gov
1-866-232-4528

NIDDK National Institute of Diabetes and Digestive
and Kidney Diseases
To conduct and support medical research, research
training and to disseminate science-based information
on diabetes and other endocrine and metabolic
digestive diseases, nutritional disorders, and
kidney, urologic, and hematologic diseases to
improve people's health and quality of life
www.niddk.nih.gov
NIDDK Health Information Center 1-800-860-8747

NIEHS National Institute of Environmental
Health Science
Preventing diseases by determining how
environmental exposures interact with genetic susceptibility
to affect human health
www.niehs.nih.gov
919-541-3345

NIGMS National Institute of General Medical Science
To support basic research that increases our
understanding of biological processes and lays the foundation
for medical advances
www.nigms.nih.gov
301-496-7301

Centers

CC NIH Clinical Center
America's clinical research hospital, training investigators and discovering tomorrow's
clinicalcenter.nih.gov
301-496-2563

CIT Center for Information Technology
Delivering high-quality IT services and supporting NIH staff to perform world-class research
www.cit.nih.gov
301-496-4357

CSR Center for Scientific Review
Receives NIH grant applications and convenes peer review groups for the vast majority of
www.csr.nih.gov
301-435-1115

FIC Fogarty International Center
Promotes scientific research and training
www.fic.nih.gov
301-496-2075

NCATS National Center for Advancing Translational Science
To develop, demonstrate, and disseminate strategies that reduce, remove, or bypass system-wide barriers in the translational research process so new drugs and cures for disease can be delivered to patients
www.ncats.nih.gov
301-435-0888

NCCIH National Center for Complementary and Integrative Health
7241 Leelanau Street, Bethesda, MD 20892
301-496-1119

Office of the Director

OCPL
